

STOP USING AI IN DEFAULT MODE

Default mode is dead.

Break the Mold

MEET THE AI THAT ACTUALLY GETS YOU.

SoulPrint builds a personal identity layer that upgrades every AI you use.
Your tone. Your patterns. Your cognitive rhythm — carried with you,
encrypted and under your control.

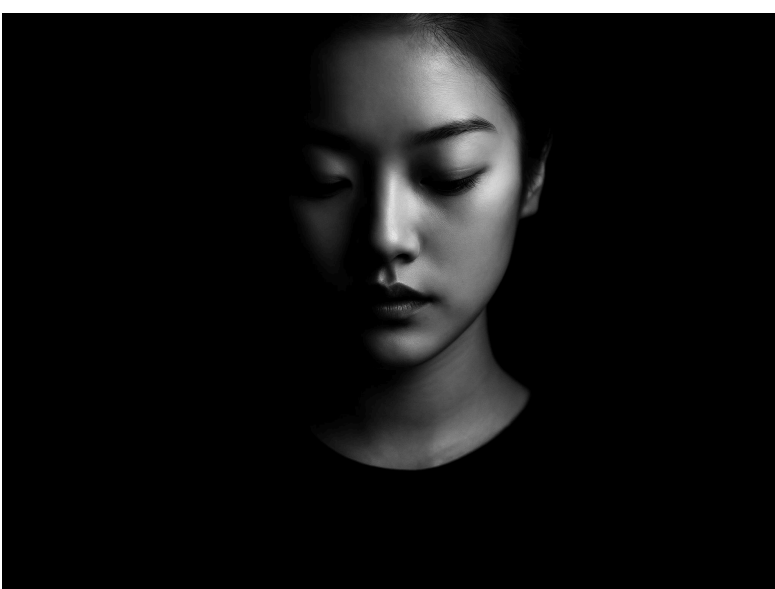

Your Identity, Captured

A deep, personality-level profile that learns how you speak, think, and create — so every AI responds in your voice, not default mode.

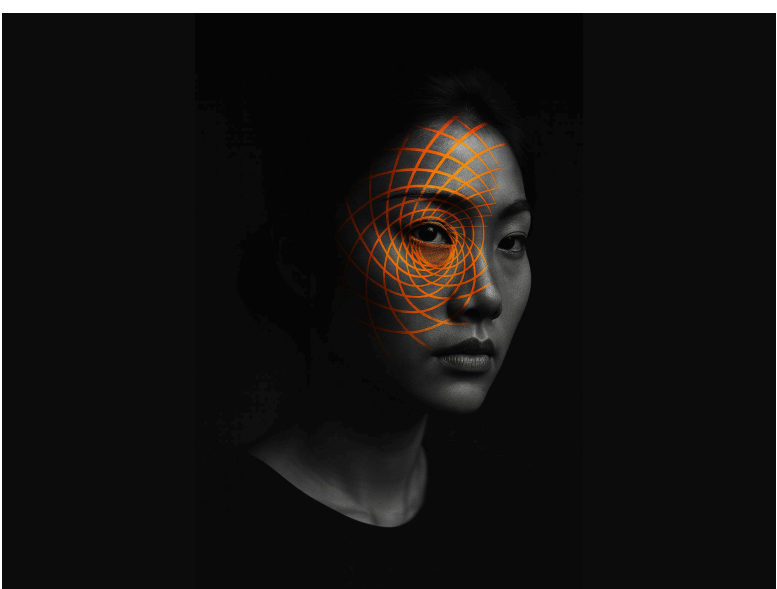

Works Across Every AI

Use ChatGPT, Claude, Gemini, Perplexity. Anything.
Your SoulPrint travels with you and upgrades every model instantly.

Fully Private. Fully Yours.

Your data stays with you. Encrypted on your device.
Nothing leaves your hands unless you choose it.

Your AI, Finally Personalized

Your AI adapts to your mood, goals, tone, and pace bringing out your best thinking and your true voice.

YOUR MEMORY, FINALLY PORTABLE.

SoulPrint saves your conversations, patterns, and preferences locally — so you can move between any AI model and never lose your history.
You're not locked in. You're not tracked. You're in control.

Move Across Any AI Seamlessly

Your SoulPrint can follow you from ChatGPT → Claude → Gemini → Perplexity without missing a beat.
Switch models. Keep the same identity.

Local Storage. Zero Surveillance.

Every conversation is saved on your device — encrypted and under your control.
No cloud logging. No corporate eyes. No third-party access.

Your Style, Your Tone, Your Patterns

Whether you're writing, planning, or creating, SoulPrint remembers how you think.
Your cognitive fingerprint becomes your AI's operating system.

Never Start Over Again

New model? New chat? New platform?
SoulPrint restores your context instantly — like stepping back into the same room, no matter where you are.

MAKE EVERY AI YOU
USE ACTUALLY
YOURS.
